📅 December 27, 2000 🚗 Driver's license B 🇧🇪 Belgian 🌐 thyssadekeyser.netlify.app

I graduated in MCT (Next Web Developer) in June 2023. I specialize in frontend development and have a passion for design. I am eager to learn and open to exercising new skills. Beyond coding, I enjoy spending time with my dog and playing guitar. I am also passionate about travel and had the opportunity to explore the IT landscape during a study trip to San Francisco, where I visited various IT companies. During my experience at Granstudio, I frequently travelled to Turin, Italy, to collaborate with the team at the office there.

Education

2019 - 2023
